

How Skyworks reduces environmental impacts

Lean & Green

Skyworks factories are ISO 14001 certified. Environmental improvement projects are ongoing at all manufacturing sites.

One chip can make a difference

Our devices improve the energy efficiency of a phone resulting in longer battery life and less charging

Green Initiative

Skyworks Pb-free and Green products reduce environmental impacts after disposal.

How YOU can reduce environmental impacts

- Keep your phone longer
- Unplug your phone when fully charged (chargers still draw power after the battery is charged)
- Donate your old phone for reuse
- Recycle all phones that cannot be reused
